Olympia, WA

Firefighters from McLane Black Lake Fire Department responded with Olympia Fire Department to an early morning structure fire in the area of French Rd. NW. The fire was discovered and reported by a neighbor after hearing what he believed to be the sound of breaking glass. Upon arrival the firefighters found a fully involved structure fire with fire and heavy smoke showing. It was determined that the home was occupied at the time of the fire. Two victims perished during the fire and were discovered during search efforts. The official cause of death will be determined by the Coroner's Office, but it appears to investigators that smoke inhalation may be the cause." The cause of the fire is under investigation, but it is not considered suspicious.
